

CABLING AND CONNECTOR CONSIDERATIONS

CONNECTOR CONSIDERATIONS

PLUGGABLE SCREW TERMINAL BLOCK

Pitch	0.150" (3.81mm)
Screw Size:	M2
Dimensions:	437" (11.1mm) H x .6" (15.24mm) W
Wire Strip Length:	6-7 mm
Current Rating:	10 A
Wire Gauge:	28 to 16 AWG (Will hold 2-18 AWG Wires)

FIELD INSTALLED CONNECTOR

LOW VOLTAGE WIRING CONSIDERATIONS

- ▶ **PERIPHERAL DEVICES** (i.e. Sensors, Wall Stations, Sensor Hub): Can use 4-conductor, stranded 18-22 gauge wire. Recommended 4-conductor, 18-gauge wire.
- ▶ **STATIC WHITE LUMINAIRES** (i.e. Troffers, Downlights, Pendant, Linear): Can use 2-conductor, 18-22 gauge wire. Recommended 2-conductor, 18-gauge wire.
- ▶ **TUNABLE WHITE LUMINAIRES:** Can use 4-conductor, 18-22 gauge wire. Recommended 4-conductor, 18-gauge wire.
- ▶ **RGBW LUMINAIRES:** Can use 5-conductor, 18-22 gauge wire (Common Positive, W, R, G, B). Recommended 5-conductor, 18-gauge wire.

ETHERNET CABLE SPECIFICATIONS

- Minimum LP rating of .6 or better
- Minimum of Cat5e or better
- Recommended 22-gauge 100W rated Ethernet cable

ordering information

PRODUCT

POE-ST-4P Pluggable Screw Terminal Block, 4-Pin for luminaire and sensor hub I/O terminations

POE-ST-5P Pluggable Screw Terminal Block, 5-Pin for peripheral P-bus terminations
